Step 3

Start free registration

Click **Create My Free Account** (or **Join Free** / **Start My Growth Journey**). Every one of these buttons takes you to the registration page: **https://successmastersacademy.in/register/**. The page heading says **Register**.

ℹ️ Don't worry if the menu looks different

The Register and Login pages may show a slightly different top menu from the homepage. You are still on the official website — check that the address begins with https://successmastersacademy.in/.

Step 4

Complete the registration form

Fill in the boxes from top to bottom. Fields marked with a star (*) on the website must be completed. The sample entries below are fictional — please use your own details.

Field (as shown)	What to enter	Sample entry (fictional)	Good to know
Username *	A simple name you will use to log in	priya_learns	Required. Choose something easy to remember and write it down.
First Name	Your first name	Priya	Helps us greet you personally.
Last Name	Your last name	Sharma	Helps us identify your account if you contact us.
E-mail Address	An email inbox you can open now	priya.sample@example.com	Please fill this in carefully — your verification link is sent here. Check for typing mistakes.
Password *	A strong, private password	•••••••••••• (hidden)	Required. Use 8+ characters mixing letters, numbers and a symbol. Follow any rules the form shows.
Confirm Password *	The same password again	•••••••••••• (hidden)	Required. Must exactly match the Password box.

ℹ️ A hidden safety box

The form contains an anti-spam box labelled "Only fill in if you are not human". Most people never see it. If your screen reader or browser shows it, simply leave it empty.

💡 Password tip

A short phrase works well, for example three unrelated words with a number and symbol (like River!Mango7Kite). Never reuse a password from your email or bank.
