Do this for a smooth journey

- Same device and a **normal** browser window (not incognito)
- Aptitude: rough sheet OK, **no calculator**, no internet search
- Answer honestly; there are no pass or fail results

Keep these safe

- Never share your password or OTP with anyone
- Keep your Coupon ID private: it is for one student
- The summary is shown once. **Save the PDF** straight away
- Results are guidance, not a final verdict
