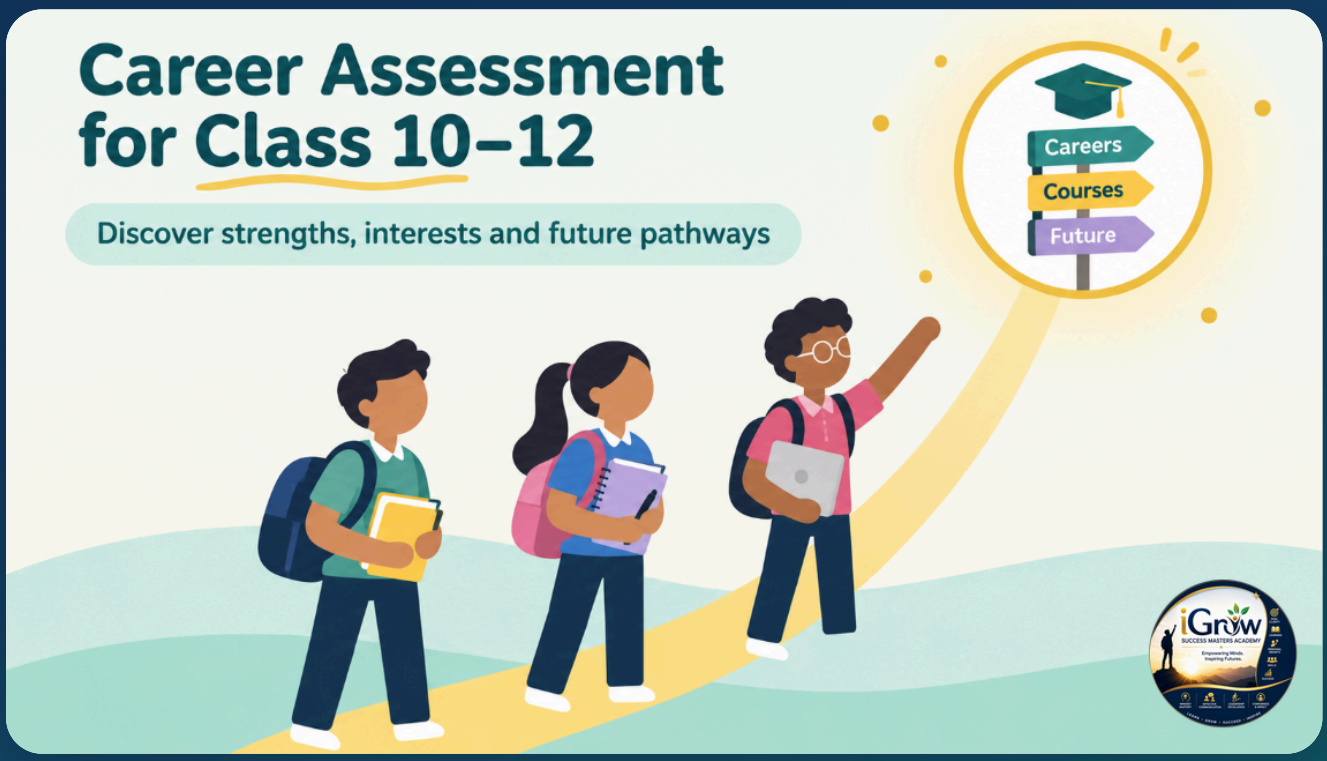
IGROW SUCCESS MASTERS ACADEMY

Your Career Discovery Journey Starts Here!

Step-by-Step Career Assessment User Guide for Class 10–12 Students

From Free Account Registration to Your Personalised Career Assessment Report

For students | For parents & guardians | For teachers & school counsellors



A NOTE BEFORE YOU START

Hi! Welcome, future achiever

Choosing a stream, a course or a career is one of the first big decisions of your life, and it is perfectly normal to feel unsure. That is exactly why the **iGrow Career Compass** exists. It is a set of 185 questions that helps you understand how you think, what you enjoy, what matters to you and where your strengths lie, so that your next step is based on *you*, not on guesswork or pressure.

This guide walks you through every step: creating your free iGrow account, logging in, entering the Coupon ID that iGrow gives you, answering the assessment and seeing your summary. Each step tells you **what to do**, **where to click** and **what you should see**, with real screenshots.

> **Helpful tip** You don't have to read everything at once. Keep the one-page Quick Start (page 4) open while you work, and come back to a step whenever you need it.

How the screenshots in this guide were taken

- **Website pages** (Join Free, Register, Login, Password Reset and the assessment page) were captured from the live website on **8 November 2026**.
- **Screens inside the assessment** were captured from the same assessment software that runs on the website (Career Compass v1.6.13), using a **test student ("Ananya Sharma") and sample details**. No real student's data, password, payment or live coupon appears anywhere in this guide.

Website screens can change over time. If what you see is slightly different from a screenshot, look for the same button name, or contact iGrow (Step 15).

You need to be logged in to your free iGrow account first (Steps 3–4).

THE WHOLE JOURNEY ON ONE PAGE

Quick-start journey

This is the real order of the steps on the website today. The assessment page has **no shopping cart, checkout or payment**: your Coupon ID is typed straight into the assessment page.

1

Create a free account

Join Free → **Create My Free Account** → fill the Register form

2

Verify your email

Open the "Thank you for signing up!" email → **Activate your Account**

3

Log in

Username or E-mail + **Password** → **Login**

4

Open the assessment

Career Assessment for Class 10–12 page (link or QR code)

5

Enter your Coupon ID

Type it → **Start assessment →**

6

About you + consent

Your details, marks, consent → **Begin the assessment →**

7

Answer 8 sections

185 questions, about 70 minutes. Progress is saved on your device

8

Finish & submit

Last page → **Finish & submit ✓**, then keep the page open

9

Summary + counsellor

See your one-page summary, save it as PDF; your counsellor contacts you for the full report discussion

Step 1 · Join Free
successmastersacademy.in/join-free/

Step 4 · The assessment
…/career-assessment-for-class-10-12/

Use one device and one normal browser window from start to finish (not private / incognito mode). Your progress is saved on the device you start on.

STEP 1

01 Welcome to iGrow and the Career Assessment

iGrow Success Masters Academy is a Chennai-based career guidance, personality development and life skills academy. Its **Career Compass · Class 10–12** is a counsellor-led psychometric career assessment. In the words of the assessment page, it helps you understand *"who you are, which careers fit you and why, and the stream, subjects, courses, entrance exams and colleges that lead there."*

What the assessment helps you explore

- Your **academic interests and personal strengths** (aptitude, skills and confidence)
- Your **career preferences** and the kinds of work that suit your personality and values
- **Possible streams and course options** (Class 10) or **courses, entrance exams and colleges** (Class 11–12)
- **Areas for skill development**, and
- **Questions to discuss** with your parents, teachers and iGrow career counsellor

The 8 sections (as shown on the assessment page)

Section	Items	About	What it looks at
1 · Aptitude	56	~40 min	Reasoning in seven areas: verbal, numerical, logical, abstract, spatial, mechanical and data
2 · Career Interests	36	~6 min	How much you would like different activities
3 · Personality & Work Style	40	~8 min	How you usually think, feel and work
4 · Emotional Intelligence	10	~5 min	How you handle everyday situations with people and feelings
5 · Values	12	~6 min	What matters most and least to you in future work
6 · Motivation	8	~3 min	What drives you
7 · Learning Preferences	10	~2 min	How you learn best
8 · Skills & Confidence	13 skills	~3 min	How confident you feel about key skills

Total: **185 questions · about 70 minutes · 8 sections · 9 scoring components · counsellor-reviewed report** (from the assessment page).

Guidance, not a verdict. The assessment page says it plainly: *"There are no pass or fail results."* Your results are a starting point for a conversation. They are not a final judgement about you and not a guarantee of success in any career. People grow and change, and so can your plans.

STEP 2

02

Before you begin: preparation checklist

Tick each box before you start. Five minutes of preparation saves a lot of stress later.

- [ ] **A device:** laptop, desktop, tablet or smartphone. A laptop or tablet is more comfortable for 185 questions, but phones work too (screens adjust to small displays).
- [ ] **Reliable internet**, especially at the start (Coupon ID check) and at the end (sending your answers).
- [ ] **An email address you can open**, for the account-verification email.
- [ ] **Your iGrow Coupon ID**, given to you by iGrow when you register for career counselling.
- [ ] **A parent or guardian nearby** if you are under 18. They need to tick their consent and type their full name on the "About you" page.
- [ ] **Your latest exam marks (%)** for Mathematics, Science, English, Social Science / main elective and overall. Approximate is fine; these are optional.
- [ ] **About 70 minutes** of free time, ideally in one sitting. The Aptitude section alone is about 40 minutes.
- [ ] **A quiet, distraction-free place**, with your phone notifications silenced.
- [ ] **A rough sheet and a pen.** For Aptitude, a rough worksheet may help, but **please do not use a calculator** and do not search for answers online.
- [ ] **The same browser, in a normal (not private / incognito) window.** Your progress is saved on that device and browser only.

> **Helpful tip** Have a glass of water nearby and take a short stretch break between sections. You can pause, and your answers stay saved on the device (see Step 10).

03

STEP 3 · SUCCESSMASTERSACADEMY.IN/JOIN-FREE/

Create your free iGrow account

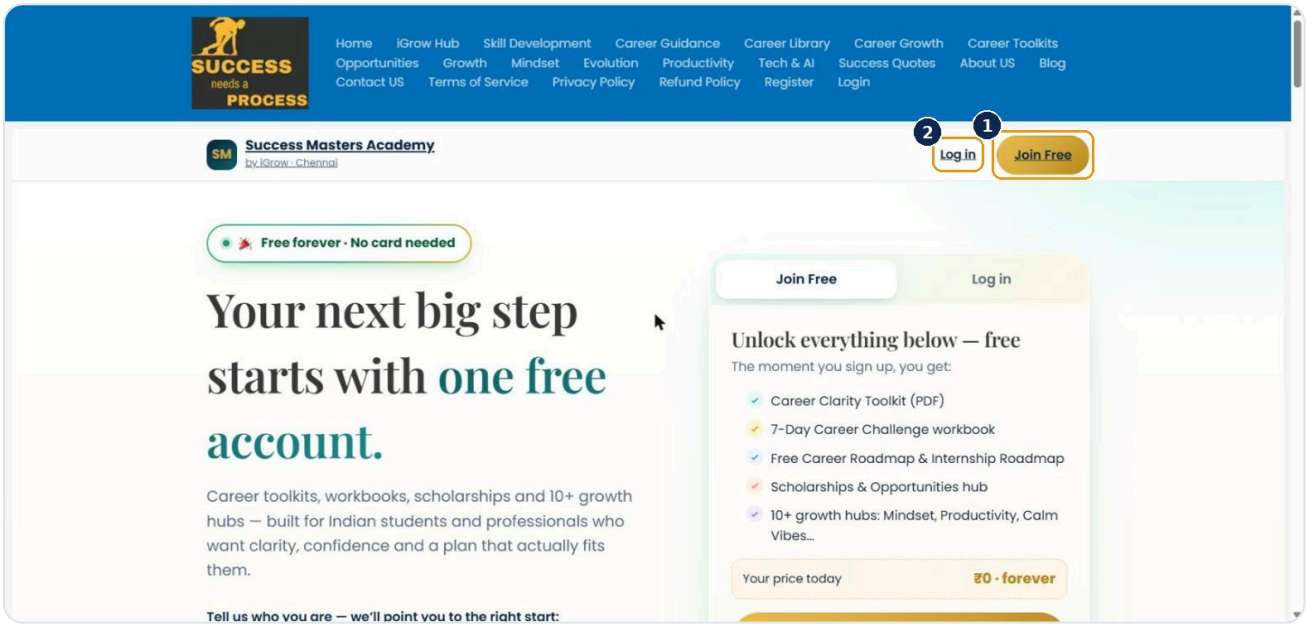
The Career Assessment page is for logged-in members, so the first step is a **free iGrow account**. The Join Free page describes it as *"Free forever · No card needed"*.

STEP 03.1 Open the Join Free page

WHAT TO DO Open successmastersacademy.in/join-free/ (or scan the QR code on page 4).

WHERE TO CLICK Callout ① **Join Free** at the top right. (Callout ② **Log in** is for people who already have an account.)

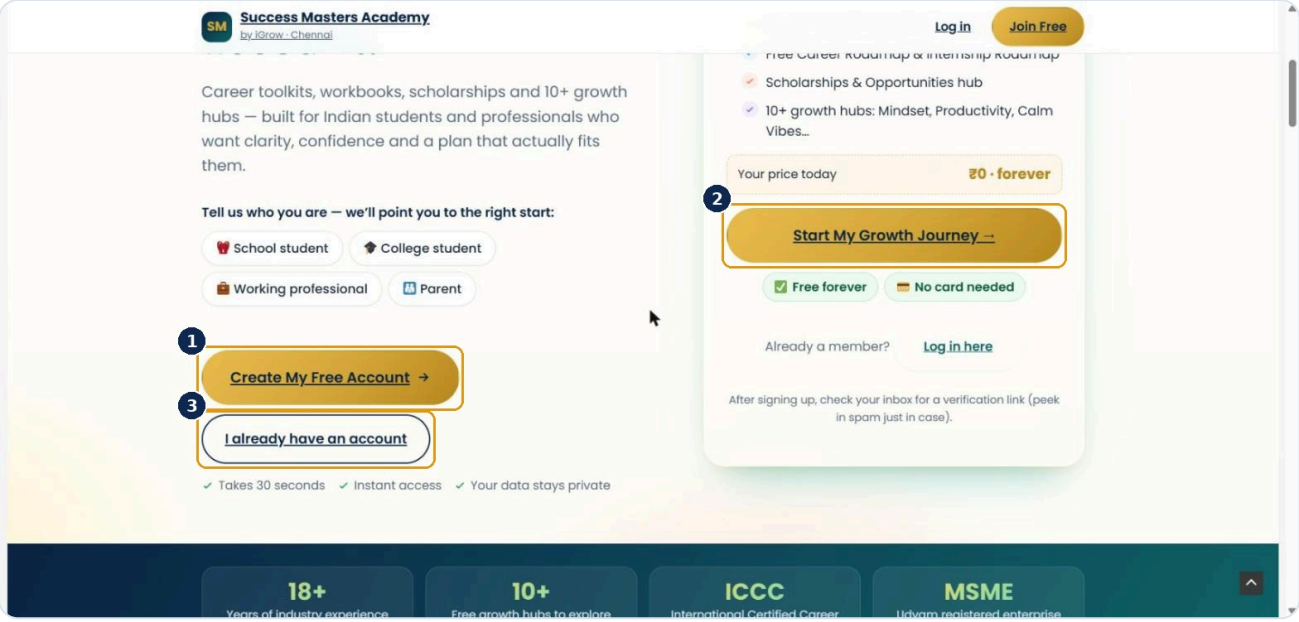
WHAT YOU SEE The heading *"Your next big step starts with one free account."*



Screenshot 1. Join Free page (desktop), live website, 8 Nov 2026.

STEP 03.2 Choose "Create My Free Account"

WHERE TO CLICK Scroll a little and click ① **Create My Free Account →** or ② **Start My Growth Journey →**. Both open the **Register** page. ③ **I already have an account** takes you to Login instead.



Screenshot 2. The free-account buttons. The note under the card says: *"After signing up, check your inbox for a verification link (peek in spam just in case)."*

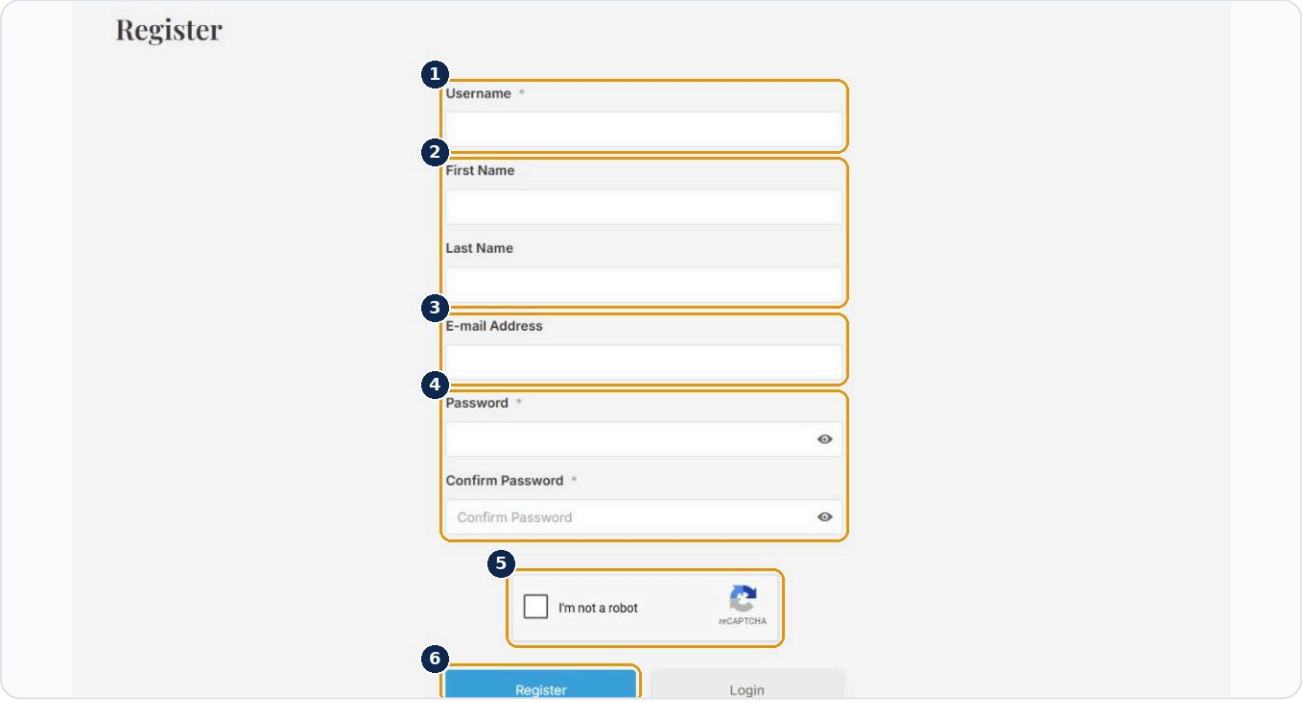
STEP 03.3 Fill in the Register form

WHAT TO DO

Fill in each box. Fields marked * are required.

THE FIELDS

① **Username *** : a short name you will remember (you can log in with it or with your email).
② **First Name** and **Last Name** .
③ **E-mail Address** : **please fill this in**, because the verification link is sent here.
④ **Password *** and **Confirm Password *** : type the same password twice. The eye icon shows what you typed.
⑤ Tick **I'm not a robot** (complete any picture check yourself).
⑥ Click **Register** .



Screenshot 3. Register page (successmastersacademy.in/register/), live website.

Helpful tip Choose a strong password: at least 8 characters, mixing letters, numbers and a symbol. Write your username somewhere safe; many students forget it!

STEP 03.4 After you click Register

WHAT HAPPENS After you click **Register**, iGrow sends an activation email to the address you entered. Go to Step 4 to activate your account.

Stay safe online. Never share your password or any one-time password (OTP) with anyone, not even friends, and iGrow will never ask for it.

Phone or computer? The same form and buttons appear on phones; on a small screen the menu and boxes stack one below the other, so scroll down to find **Register**.

STEP 4 · SUCCESSMASTERSACADEMY.IN/LOGIN/

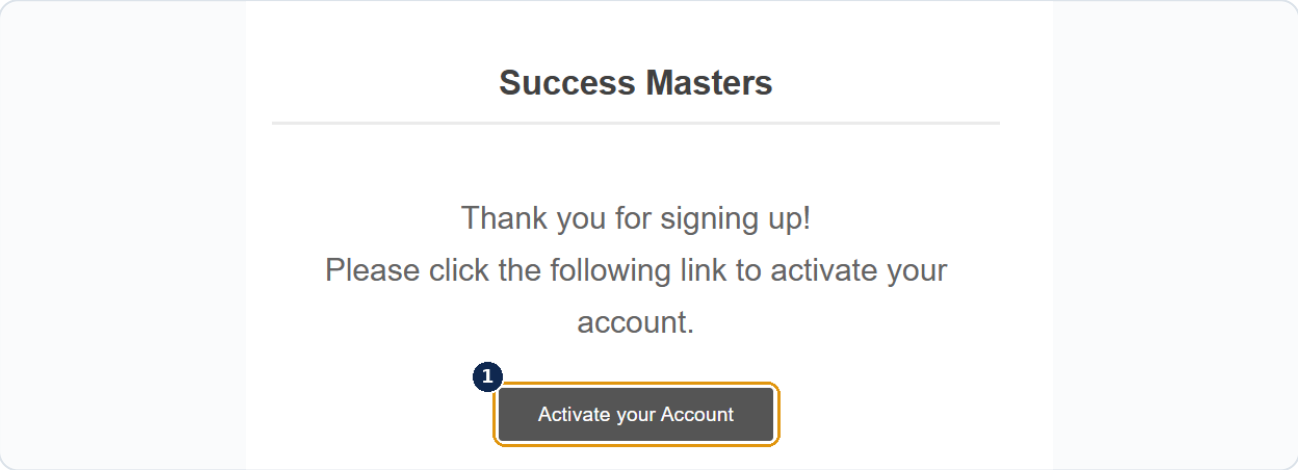
04 Verify your email and log in

STEP 04.1 Click the verification link in your email

WHAT TO DO Open your inbox and find the email from **Success Masters** that says *"Thank you for signing up! Please click the following link to activate your account."*

WHERE TO CLICK ① **Activate your Account**

WHAT YOU SEE Your account is now active, and you can log in (Step 04.2).



Screenshot 4. The account-activation email from Success Masters.

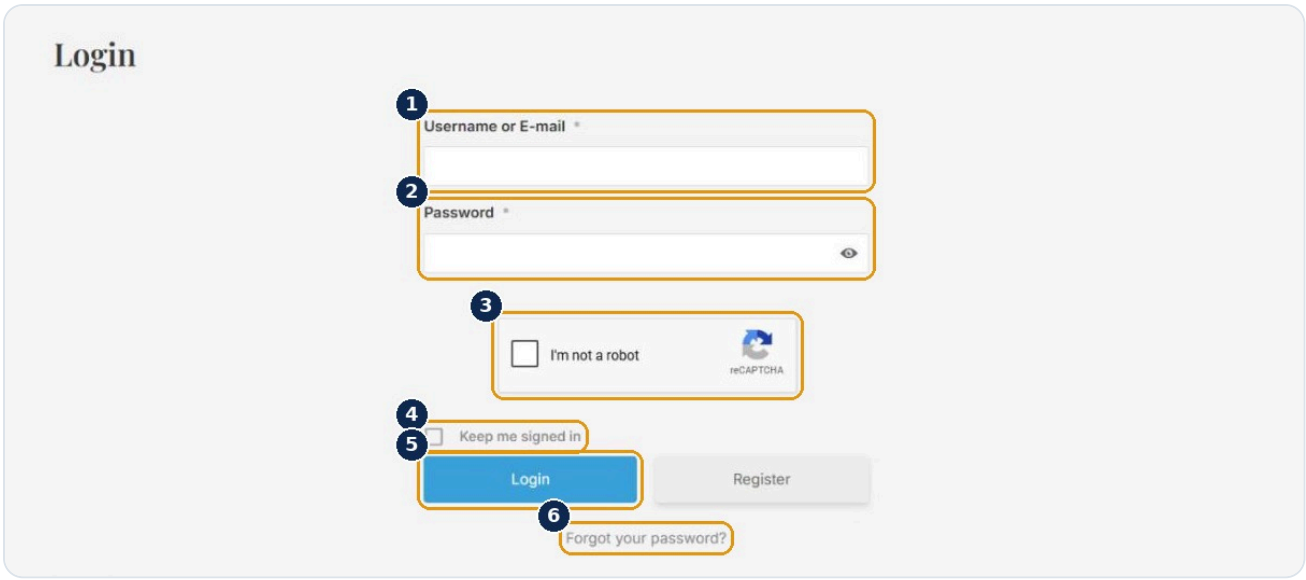
NO EMAIL? Wait a few minutes, then check **Spam**, **Promotions** or **Updates**. Still nothing? Contact iGrow (Step 15).

> **Helpful tip** If the button does not open or says the link has expired, contact iGrow (Step 15) rather than registering a second account.

STEP 04.2 Log in

WHERE TO CLICK **Log in** on the Join Free page, or **Login** in the website menu.

WHAT TO DO ① **Username or E-mail *** · ② **Password *** · ③ tick **I'm not a robot** · ④ optional **Keep me signed in** (only on your own device) · ⑤ click **Login**. ⑥ **Forgot your password?** helps if you can't remember it.

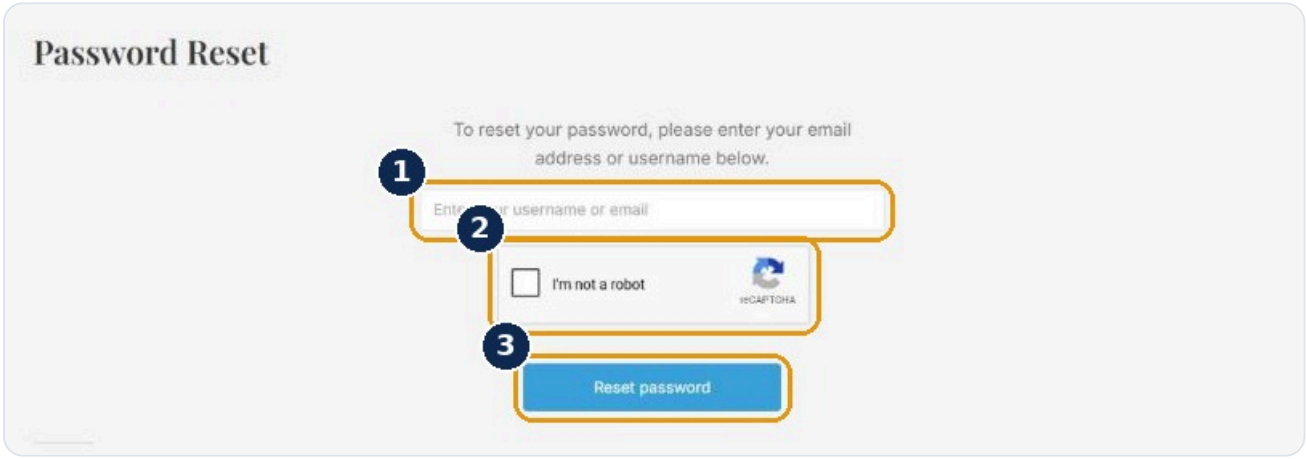


Screenshot 5. Login page, live website.

STEP 04.3 Forgot your password?

WHAT TO DO

Click **Forgot your password?** on the Login page. On **Password Reset**: ① type your username or email · ② tick **I'm not a robot** · ③ click **Reset password**, then follow the email you receive.

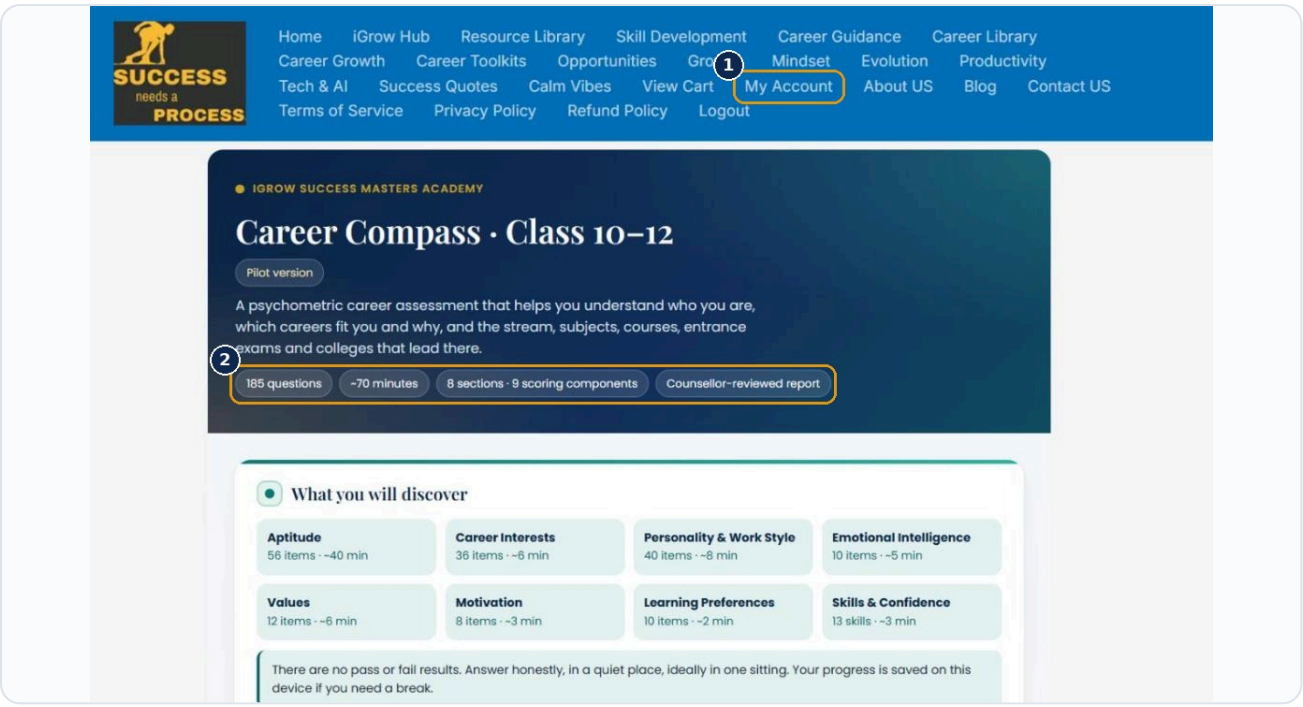


Screenshot 6. Password Reset page (successmastersacademy.in/password-reset/), live website.

STEP 04.4 Check that you are logged in

WHAT YOU SEE

When you are logged in, the website menu shows ① **My Account** and **Logout** (instead of Register and Login).



Screenshot 7. Logged-in view of the assessment page: the menu shows My Account and Logout; ② the assessment facts (185 questions, ~70 minutes).

> **Helpful tip** Using a shared or school computer? Click **Logout** when you have finished, and don't tick "Keep me signed in".

STEP 5

05 Open the Career Assessment for Class 10–12

STEP 05.1 Go to the assessment page while logged in

WHAT TO DO	Open successmastersacademy.in/career-assessment-for-class-10-12/, or scan the QR code below. Use the link your counsellor shared if you received one.
MUST I BE LOGGED IN?	**Yes.** If you are not logged in, the website sends you to the **Join Free** page instead. Log in (Step 4), then open the link again.
WHAT YOU SEE	A dark blue banner, **Career Compass · Class 10–12** with a *Pilot version* badge, then **What you will discover** (the 8 sections) and **Enter your Coupon ID**.

Career Assessment for Class 10–12
successmastersacademy.in/career-assessment-for-class-10-12/

STEP 05.2 Read the description

Take one minute to read **What you will discover**. It lists each section with its number of items and time. At the bottom you will see: *"There are no pass or fail results. Answer honestly, in a quiet place, ideally in one sitting. Your progress is saved on this device if you need a break."*

There is **no "Buy", "Enrol" or "Add to cart" button** for this assessment. Starting the assessment only needs your Coupon ID (next step).

STEP 6 · THE IMPORTANT ONE

06 Enter your iGrow Coupon ID

Your Coupon ID

[ENTER YOUR iGROW COUPON CODE]

Your Coupon ID is provided by iGrow when you register for career counselling. It gives you access to this assessment. This page does not ask for any payment.

STEP 06.1 Type your Coupon ID and start

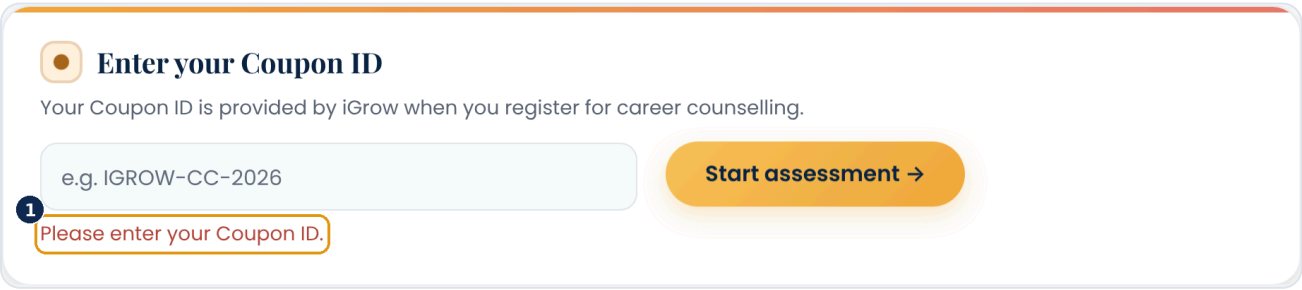
WHERE The **Enter your Coupon ID** card at the bottom of the assessment page.

WHAT TO DO ① Type or paste your Coupon ID in the box (capital or small letters both work; extra spaces are removed). ② Click **Start assessment →** (or press **Enter**).

WHAT YOU SEE A short *"Checking your Coupon ID…"* message while iGrow checks it online. If it is accepted, the **About you** page opens (Step 7).

Screenshot 8. The Coupon ID card on the live assessment page, with the sample placeholder typed in.

STEP 06.2 If a message appears under the box



Screenshot 9. The message shown when Start is clicked with an empty box.

Message you see	What it means · what to do
"Please enter your Coupon ID."	The box is empty. Type your Coupon ID.
"Checking your Coupon ID…"	Please wait a few seconds.

Message you see	What it means · what to do
A message from iGrow's system, ending with *"Please check it or contact iGrow on 9994942763."*	The Coupon ID was not accepted: it may be mistyped, already used, expired or not valid for this assessment. Check each letter and number (0 vs O, 1 vs I), then try again. If it still fails, contact iGrow.
"We could not check your Coupon ID. Please check your internet connection and try again."	Your internet dropped. Reconnect and click **Start assessment →** again.

The exact wording for "already used" or "expired" comes from iGrow's system and was not tested for this guide (no live coupon was redeemed).

Keep your Coupon ID private. It is meant for one student's assessment. Don't post it on social media or share it in groups.

STEP 7 · ACTIVATION

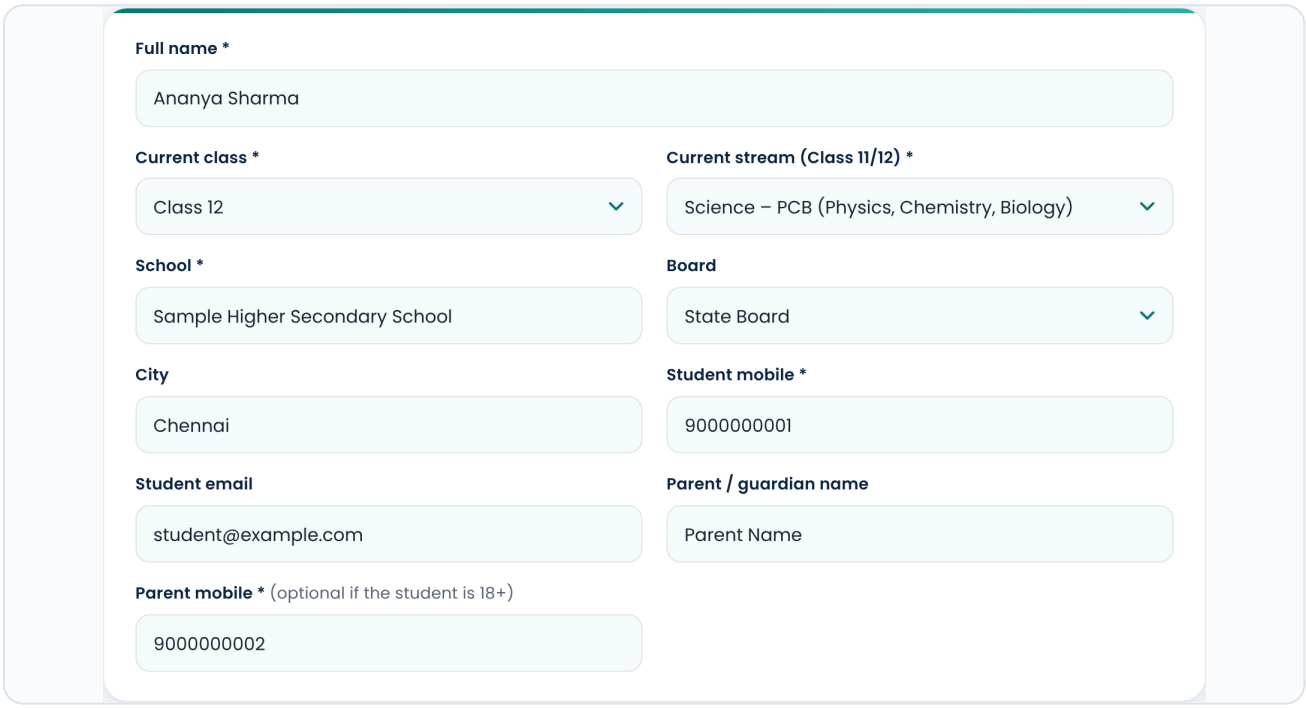
07 Complete “About you” and consent

Once your Coupon ID is accepted, the assessment opens the **About you** page: *“This helps us personalise your report. Fields marked * are required.”* This is how your assessment is activated. There is no separate order or payment confirmation.

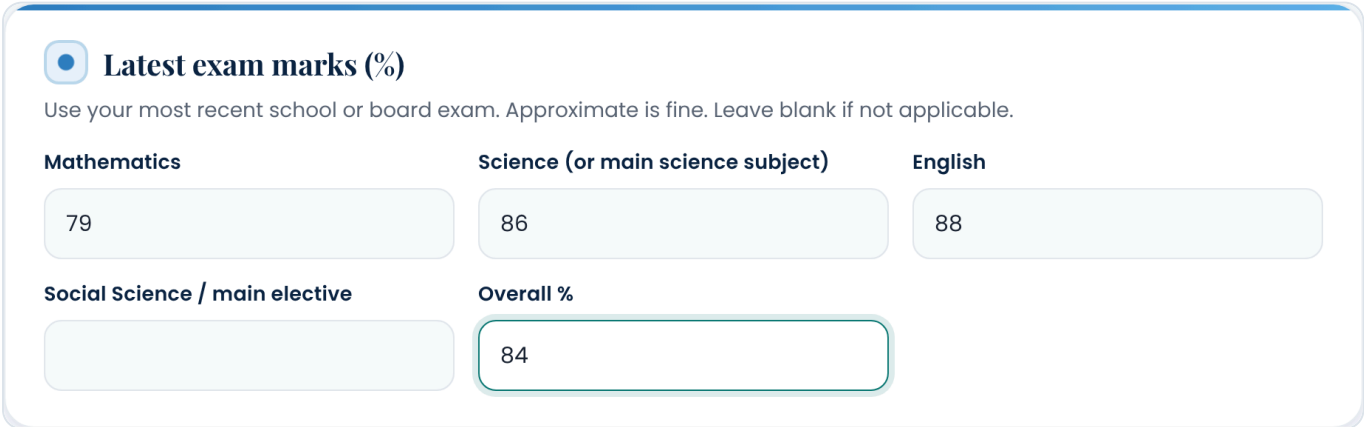
STEP 07.1 **Your details**

REQUIRED * — **Full name** · **Current class** (10, 11 or 12) · **Current stream** (shown only for Class 11/12) · **School** · **Student mobile** · **Parent mobile** (optional if the student is 18+)

OPTIONAL — Board · City · Student email · Parent / guardian name · **Latest exam marks (%)** · **Planning context**: family budget for college fees and where you would like to study



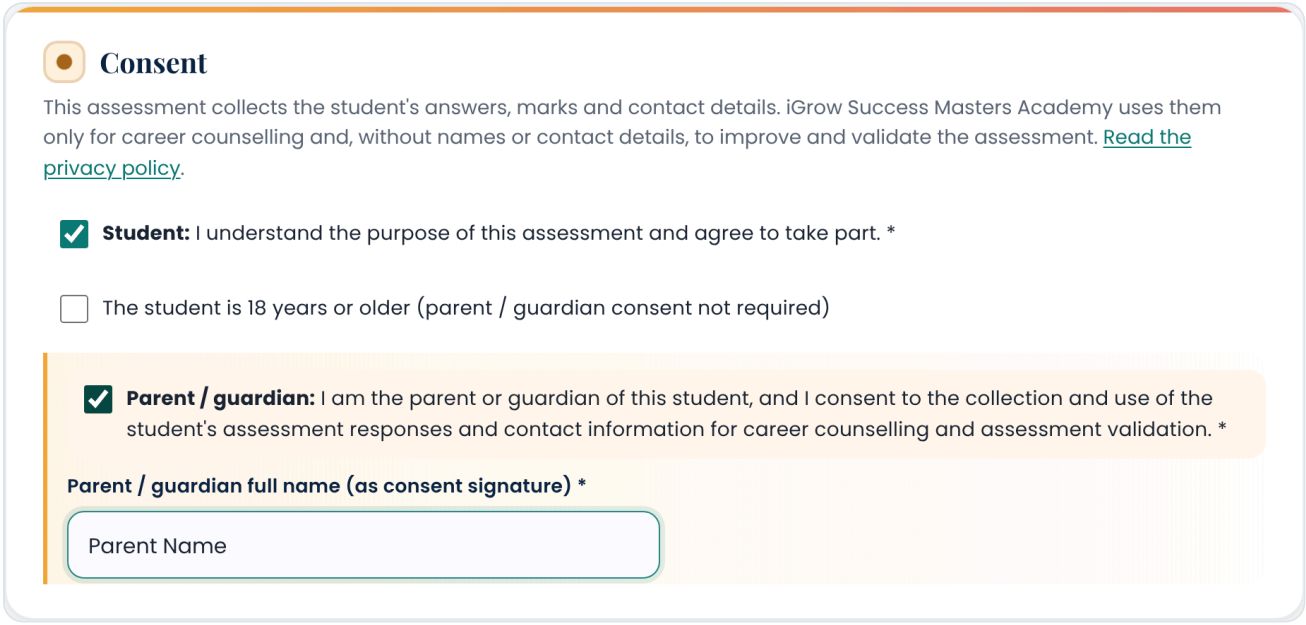
Screenshot 10. “About you” details (test student, sample details).



Screenshot 11. Latest exam marks: *“Approximate is fine. Leave blank if not applicable.”*

STEP 07.2 Consent: student and parent / guardian

STUDENT	Tick *"I understand the purpose of this assessment and agree to take part."*
UNDER 18	Your **parent or guardian** ticks their consent box and types their **full name** (as consent signature).
18 OR OLDER	Tick *"The student is 18 years or older"*; parent consent is then not needed.



Screenshot 12. Consent card, with a link to the iGrow privacy policy.

STEP 07.3 Begin

WHERE TO CLICK	**Begin the assessment →** at the bottom (**← Back** returns to the Coupon page).
IF SOMETHING IS MISSING	A red message lists what to complete, for example:

Please complete: name, class, school, a valid student mobile, a valid parent mobile, student consent, parent / guardian consent and name.

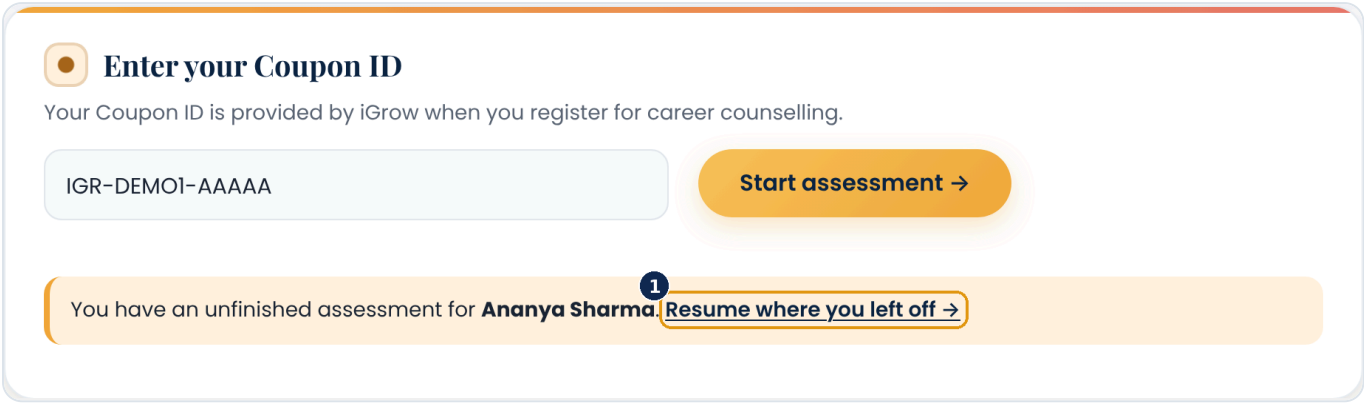
Screenshot 13. "Please complete: …" lists every missing required item.

> **Helpful tip** Your details are saved on the device as you type, so if the page reloads you will not lose them.

08 STEP 8 Finding your assessment again

There is no separate assessment dashboard. The assessment runs entirely on its own page; it is not listed under My Account. To come back to it, simply open the assessment page again (link or QR code) **on the same device and browser** and log in if asked.

WHAT YOU SEE If you have an unfinished assessment, a yellow note appears under the Coupon box: *"You have an unfinished assessment for <your name>. Resume where you left off →"*. Click it to continue.



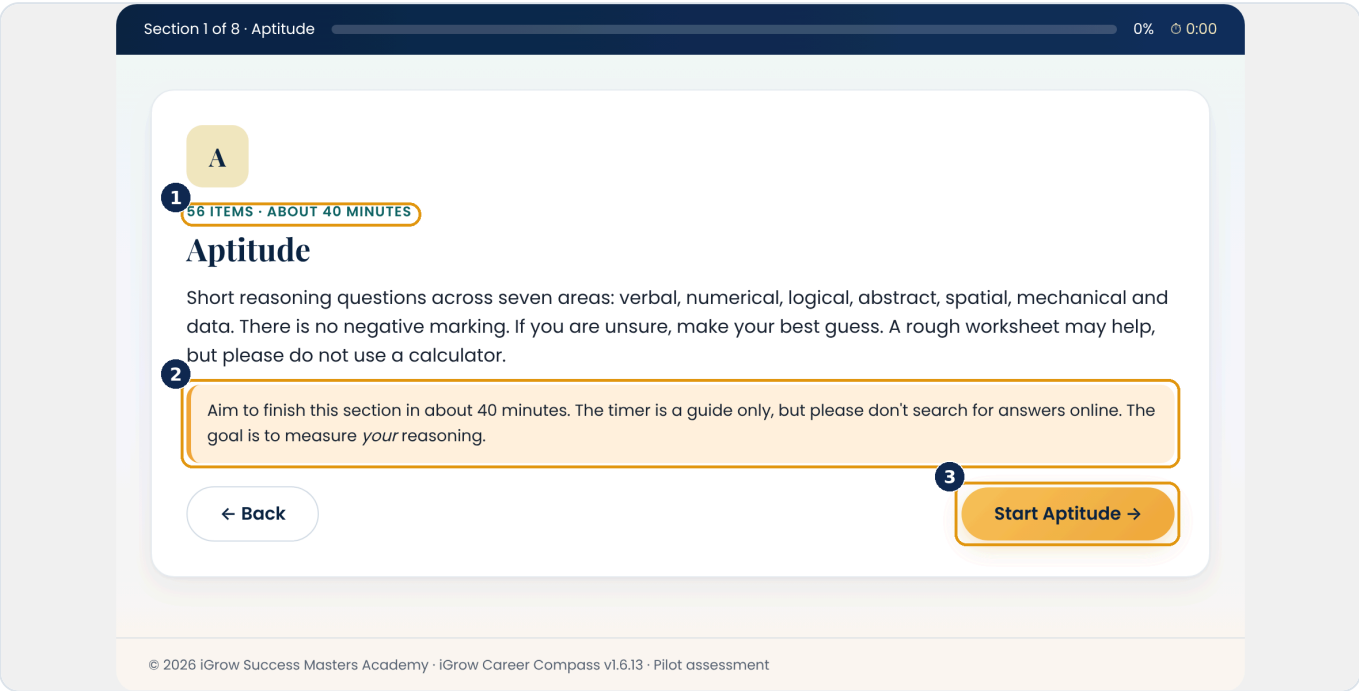
Screenshot 14. (1) The resume link after returning to the page (test student).

Helpful tip Typing the **same Coupon ID** again and clicking Start also continues from where you stopped. It never wipes your saved answers.

STEP 9

09 Understand the Career Assessment

Each section starts with a short **introduction card** telling you how many items it has, roughly how long it takes and how to answer. Click **Start <section name> →** to begin it.

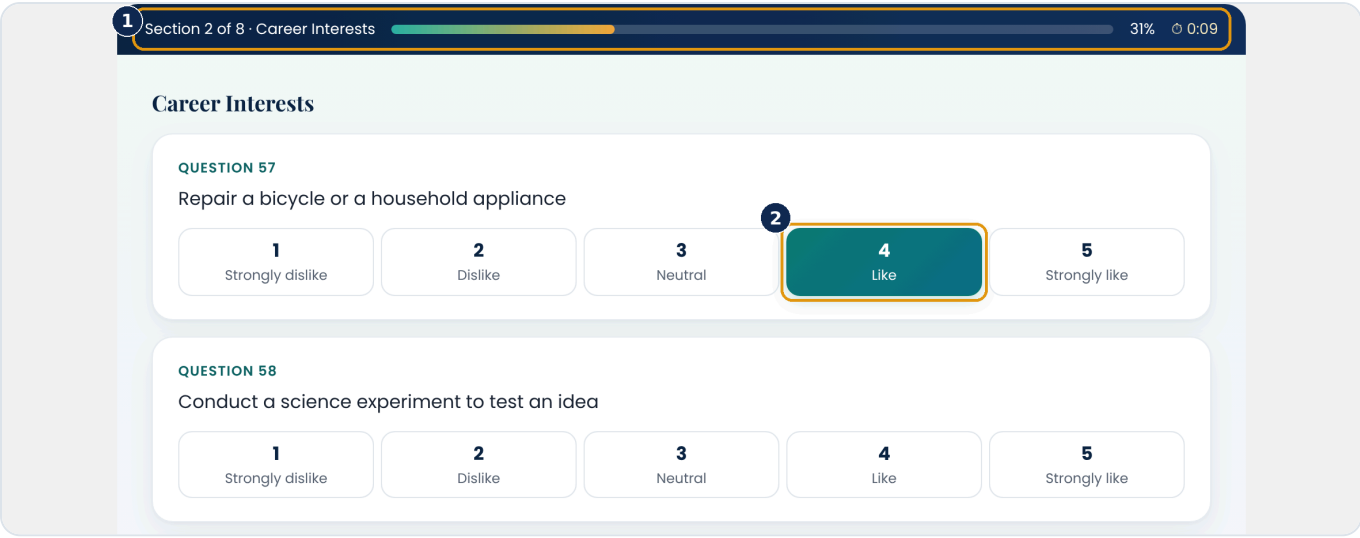


Screenshot 15. Section introduction: ① items and time · ② the timer is a guide only · ③ start button.

Question types you will meet

Type	How you answer	Where
Multiple choice (A–D)	Choose the one best answer. No negative marking; if unsure, make your best guess.	Aptitude
Rating scale 1–5	e.g. 1 Strongly dislike … 5 Strongly like	Interests, Personality & Work Style, Learning, Skills
Most / Least	In each set, pick one option that matters **Most** and one that matters **Least**	Values
Situation choices	Pick the response closest to what you would really do or feel	Emotional Intelligence, Motivation

To protect the assessment, this guide does not show real Aptitude questions or their answers.



Screenshot 16. ① Progress bar: section number and name, % of questions answered and a time guide · ② a selected answer turns teal.

Screenshot 17. Values: ① one **Most** and ② one **Least** in every set.

How to answer well

- **Read each question carefully**, but don't overthink it; your first honest reaction is usually right.
- **Choose what is true for you**, not what sounds impressive or what others expect.
- **Answer on your own.** Parents can help with the details page, but the answers should be yours.
- **Every question on a page needs an answer** before you can move on.
- For Aptitude: **no calculator, no internet search.** The goal is to measure *your* reasoning.

STEP 10

10 Complete and submit the assessment

STEP 10.1 Move through the pages

NEXT / BACK Answer every question on the page, then click **Next →**. Use **← Back** to revisit earlier pages and change answers **before** you submit.

IF YOU MISS ONE The unanswered questions get a red border and this message appears:

Please answer all questions on this page.

Screenshot 18. On Values pages it adds *"(choose one Most and one Least in each set)"*.

STEP 10.2 Taking a break (saving and resuming)

Your answers are **saved automatically on your device** after every change. To continue later, open the assessment page on the **same device and browser** and click **Resume where you left off →** (Step 8).

Progress is not saved to your iGrow account. It will be lost if you switch devices, use private / incognito mode, or clear your browser data. If the assessment shows *"Your progress cannot be saved on this device"*, finish in one sitting or switch to a normal browser window.

STEP 10.3 Finish and submit

WHERE TO CLICK On the very last page the button changes to **Finish & submit ✓**.

Screenshot 19. The final button.

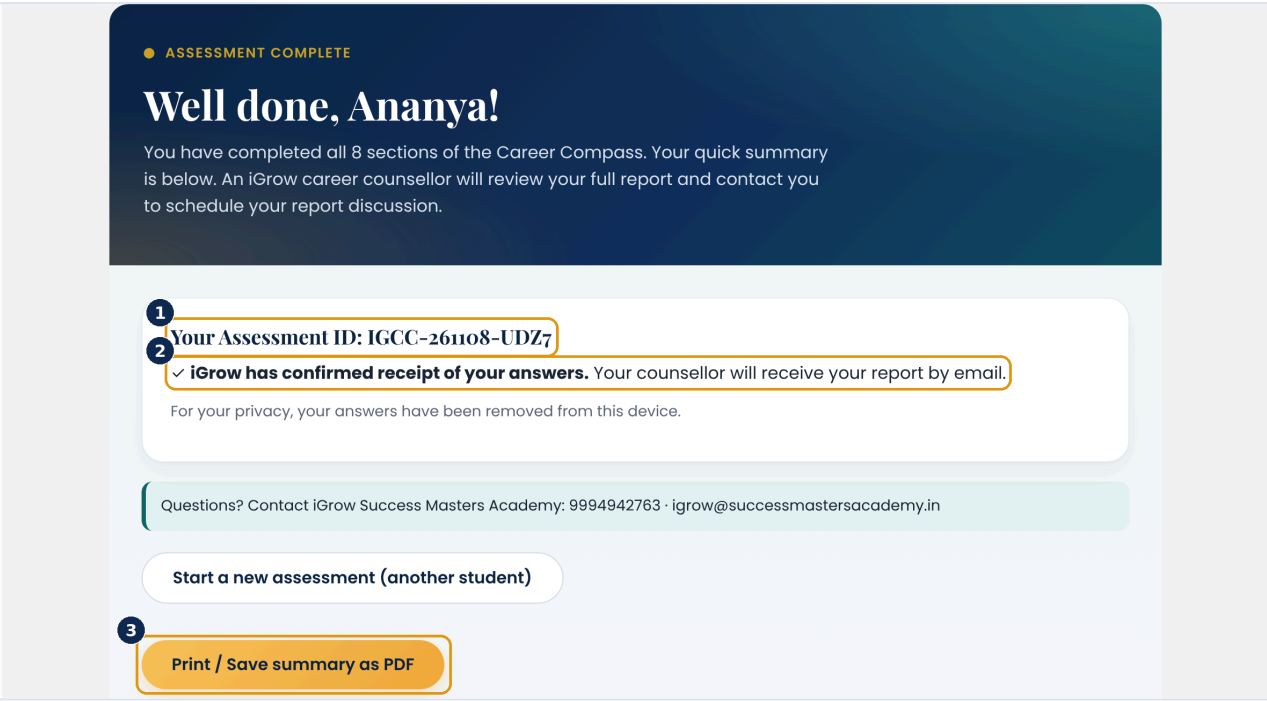
Before you click: use **← Back** if you want to review anything. **After submitting, answers cannot be changed**, and for your privacy they are removed from the device once iGrow confirms receipt.

WHAT YOU SEE *"Sending your answers to iGrow… Please keep this page open. This usually takes under 20 seconds."* Don't close the tab or press Back.

STEP 11

11 See and save your summary report

When your answers arrive, you see a **"Well done, <your name>!"** screen. In the assessment's words: *"Your quick summary is below. An iGrow career counsellor will review your full report and contact you to schedule your report discussion."*



Screenshot 20. ① Your **Assessment ID** (write it down) · ② confirmation that iGrow received your answers · ③ **Print / Save summary as PDF**.

STEP 11.1 Save your summary as a PDF, right away

WHAT TO DO

Click **Print / Save summary as PDF**. In the print window choose **Save as PDF** (computer) or **Save to Files / Download** (phone), then save.

The summary is shown once, on this screen. It is not stored in your iGrow account and your answers are removed from the device for privacy, so save or print it now. Your counsellor keeps your full report.

STEP 11.2 If the sending does not go through

What you see	What to do
Try sending again with *"Your answers could not be sent…"*	Check your internet and click it. Your answers are still saved on the device. If iGrow's system had a temporary problem, the message says your Coupon ID is **still valid**.
Check again with *"…could not confirm that they arrived yet."*	Wait a minute, then click it.

What you see	What to do
"Your answers reached iGrow but could not be accepted…"	Call iGrow on **9994942763**; your answers stay saved on the device.
Backup: send your result code with **Copy result code** **Send on WhatsApp** **Email it**	Use one of these buttons so your counsellor can still open your report.

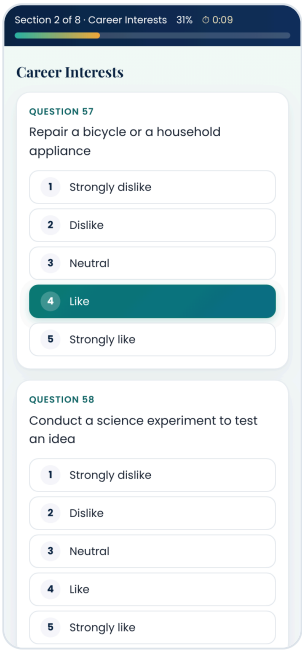
ANOTHER STUDENT? **Start a new assessment (another student)** clears the screen for the next student on a shared device.

On a phone

Everything works the same on a phone. The progress bar moves to the top, and answer buttons stack one per line so they are easy to tap.

After submitting on a phone, tap **Print / Save summary as PDF** and use your phone's share or print menu to save the PDF.

> **Helpful tip** On a phone, turn on "Do not disturb" so a call or message doesn't interrupt the Aptitude section.



Screenshot 21. Phone view (390 px wide).

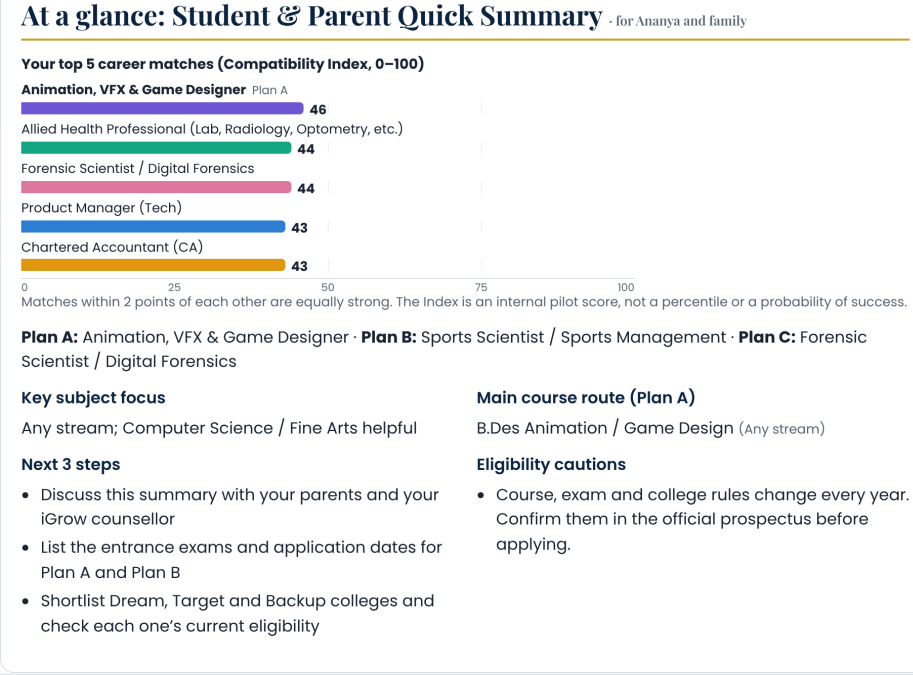
STEP 12

12 Understand your results

A. Your one-page summary (what you see at the end)

The summary page is called **"At a glance: Student & Parent Quick Summary."** It contains:

- **A chart. Class 10:** how well each stream fits you. **Class 11–12:** your top 5 career matches, each with a Compatibility Index (0–100).
- **Plan A · Plan B · Plan C** (Class 11–12), or the stream direction (Class 10)
- **Key subject focus** and the **main course route**
- **Next 3 steps** and **Eligibility cautions**



Screenshot 22. Sample summary for a test student whose answers were filled in automatically, so these careers are only an example of the layout, not advice.

Reading the numbers: the summary itself says that *"Matches within 2 points of each other are equally strong"* and that the Index is *"not a percentile or a probability of success."*

B. Your full report (discussed with your counsellor)

Your iGrow counsellor receives the full report and walks you through it. It covers, among other sections: Executive Summary · Aptitude, Personality, Career Interest, Emotional Intelligence, Values, Motivation, Learning and Skills profiles · Integrated Career Profile · Top 10 Career Recommendations · Recommended Subjects · Course Recommendations · Entrance Examination Roadmap · College Strategy · Plan A · Plan B · Plan C · a 12–24 Month Action Plan · Parent Guidance · Student Action Checklist.

Whether you receive your own copy of the full report after the discussion is decided by iGrow; ask your counsellor.

C. Guidance for your class

Helpful tip **Class 10: choosing a stream.** Look at the stream-fit chart as a map, not a ranking of "better" streams. Science, Commerce, Humanities and vocational routes all lead to rewarding careers. When two streams are within 2 points, the report treats them as closely matched options: discuss both.

Helpful tip **Class 11: connecting subjects to futures.** Notice which careers your current subjects keep open, and which might need a subject you don't have (for example Mathematics). This is the time to build skills and explore through projects and conversations.

Helpful tip **Class 12: degrees, exams and colleges.** Use Plan A, B and C to shortlist undergraduate degrees and professional courses, list the entrance exams and their dates, and prepare a backup route. Alternative pathways are just as valid as the first choice.

Always confirm eligibility officially. Course, exam and college rules change every year. Check each requirement (subjects, marks, exams, dates) in the current official prospectus or admission notice before you apply.

STEP 13

13 Discuss your report with parents and your counsellor

Your results become truly useful when you talk about them. After you submit, **an iGrow career counsellor reviews your full report and contacts you to schedule your report discussion** (as stated on the completion screen). Bring your saved summary and your thoughts.

Five questions to think about before the discussion

1. Which career areas genuinely interest me?
2. What strengths did the assessment highlight?
3. Which suggested pathways would I like to investigate?
4. What subjects, courses or skills may be relevant?
5. What support do I need to explore my next steps?

Helpful tip For parents: listen first. Ask "What surprised you?" and "What excites you?" before sharing your own views. A calm conversation helps more than a quick decision.

Helpful tip For students: it's okay not to have every answer yet. Your job now is to explore, ask questions and take one small next step.

There is no rush to decide anything on the day you see your summary.

STEP 14

14 Troubleshooting and FAQs

Confirmed = behaviour checked on the website or in the assessment for this guide. General = common-sense advice.

Issue	Recommended guidance	Basis
Unable to create an account	Fill every field marked *, make sure both passwords match, tick "I'm not a robot", then read any red message under a box.	**Confirmed**
Verification email not received	Check Spam / Promotions / Updates and make sure the email address was typed correctly. Still nothing after 15 minutes? Contact iGrow.	General
Unable to log in	Log in with your username *or* email; check Caps Lock; use **Forgot your password?** on the Login page.	**Confirmed**
Assessment link opens "Join Free"	You are not logged in. Log in, then open the assessment link again.	**Confirmed**
Coupon not working	Check each character (0/O, 1/I), remove extra characters, check your internet. If it was already used or expired, contact iGrow.	**Confirmed**
Asked to pay?	The assessment page has no payment step; for any question about fees, contact iGrow directly. Don't pay on any other page claiming to be the assessment.	**Confirmed**
Assessment not visible	Scroll to the bottom of the assessment page for **Enter your Coupon ID**; refresh the page; try another normal browser window.	General
"Please answer all questions on this page."	Look for questions with a red border and answer them (Values: one Most and one Least per set).	**Confirmed**
Assessment interrupted	Reopen the assessment page on the same device and browser and click **Resume where you left off →**.	**Confirmed**
Progress lost	Progress lives on the device, so it is lost after switching devices, clearing browser data or using private mode. Contact iGrow about your Coupon ID.	**Confirmed**
Answers not sent	Use **Try sending again** / **Check again**, or the backup result code (WhatsApp / email).	**Confirmed**
Report not available later	The summary is shown once at the end; save it as PDF then. The full report comes through your counsellor.	**Confirmed**
Need more help	See Step 15.	—

STEP 15

15 Getting help from iGrow

Ready-to-send help message

Hello iGrow team,

I need help with the Career Compass (Class 10–12) assessment.

Student name: _____
Class: _____ School: _____
Registered email / username: _____
Assessment ID (if shown): IGCC-_____
Step where I am stuck (e.g., Register, Login, Coupon ID, Resume, Submit): _____
What I see on the screen (message or screenshot): _____
Device and browser (e.g., Android phone · Chrome): _____

Thank you!

Never include your password, any OTP, or bank / card details in a support message. iGrow will never ask for them.

YOU DID IT

Final checklist

- [ ] I created my free iGrow account and verified my email.
- [ ] I can log in (and I know my username or email and password).
- [ ] I opened the Career Assessment for Class 10–12 page while logged in.
- [ ] My Coupon ID was accepted and the “About you” page opened.
- [ ] I filled in my details and the consent (with my parent / guardian if under 18).
- [ ] I answered all 8 sections honestly, on my own.
- [ ] I clicked **Finish & submit** ✓ and saw “iGrow has confirmed receipt of your answers.”
- [ ] I wrote down my Assessment ID: IGCC-_____
- [ ] I saved my summary as a PDF.
- [ ] I wrote my answers to the five reflection questions (Step 13).
- [ ] I am waiting for my iGrow counsellor to schedule my report discussion.

Helpful tip Proud of yourself? You should be. Understanding yourself is the first and most important step in any career journey.

“Your Future. Your Strengths. Your Journey.”
